What is the Ticket to Work Program?

Ticket to Work is the Social Security Administration's program offering disability beneficiaries the choices, opportunities, and support needed to become and stay employed, increase their earnings, and eventually become fully self-supportive. Under this program, SSA issues "tickets" to eligible beneficiaries who, in turn, may choose to assign those tickets to an Employment Network of their choice where they can obtain employment services, vocational rehabilitation services, or other support services necessary to achieve an employment goal. Learn more about the Ticket to Work program at <https://yourtickettowork.com/web/ttw/en-about-ticket-to-work>.

What is an Employment Network?

ENs are providers (they can be state or local, public or private) that enter into a contract with SSA to coordinate and deliver employment services, vocational rehabilitation services, or other support services under the Ticket to Work program. When a Social Security beneficiary assigns their ticket to an EN, and the EN accepts the ticket, the EN will coordinate and provide appropriate services to help the beneficiary find and maintain employment. Learn more about ENs at www.ssa.gov/work/overview.html.

Who can receive services at an EN?

Anyone between the ages of 18 and 64 who receives Social Security Disability Insurance (SSDI) and/or Supplemental Security Income (SSI) is eligible to receive services at an EN.

What services do ENs provide?

ENs provide career counseling, job placement, and ongoing support services. Some provide additional services; visitors to www.ServiceLocator.org/ENs can view a list of services offered by each provider in their search results.

For more information about Employment Networks, please contact the Social Security Administration's Ticket to Work program:
